

# Using the SchoolMessenger app for SafeArrival

Choose one of these three options for using the SchoolMessenger app:

1. Download the SchoolMessenger app from the Google Play Store
2. Download the SchoolMessenger app from the Apple App Store
3. Open your browser and go to [go.schoolmessenger.ca](http://go.schoolmessenger.ca) (for Canadian school districts).

**Sign Up** for an account. Use the same email address that the school has on record for you. If you want to use a different one, please contact the school and ask them to update your email. Choose your password; it must contain at least one number, one uppercase letter, one lowercase letter and must be at least 6 characters. Verify your account by following the instructions in the email that is sent to you.

**Log In** to the app using your email address and the password that you created in the **Sign Up** step above.

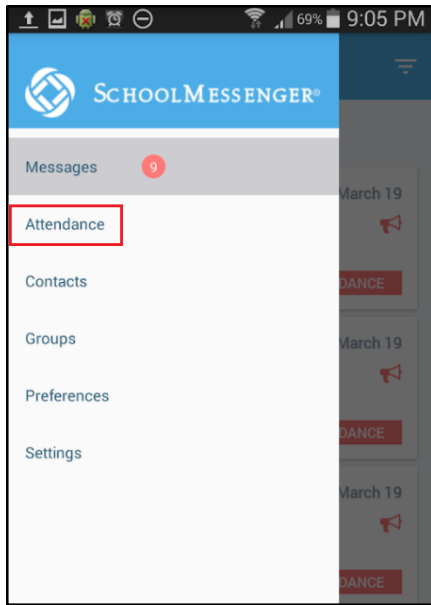

If your email address is associated with at least one child in a school that is actively using SafeArrival, you will see the ATTENDANCE option on the menu. This is shown at the top of the screen on the website or in the menu that is displayed if you click the menu icon in the top left corner of the mobile apps.

**NOTE:** *If you do not see the ATTENDANCE menu or your students, please check with the school to make sure you are using the email address that they have on record for you.*
